2. Jim Garrison reported that they were working on the Videograph Contract with the [REDACTED] I told him that probably he would not get the green light on this until the 30th and that he should be quite candid with [REDACTED] so that they understood that the whole thing might be cancelled at the last minute.

4. I telephoned Dick Bissell to advise him of the status of our separation regulations and more specifically that unless the Bureau of the Budget agreed with our position no final decision would be made prior to the Director's return.

no problem in having him assigned to the Office of Training which is, of course, quite contrary to the conversation I had with [REDACTED]

8. Jim Cunningham was up to talk to me about his change in career service designation which was, of course, somewhat after the fact inasmuch as Dick Bissell had talked to me about this several days ago. Jim also wanted to talk about the possible promotion of [REDACTED] to grade GS-13. (After looking into the matter I telephoned Jim and told him I anticipated that [REDACTED] could be promoted within the next few months but that I was not inclined to promote him ahead of others who ranked him on the competitive promotion list.) Jim would also like to confirm [REDACTED] as the Development Projects Division Administrative Officer even though he has only recently been promoted to grade GS-14. I told him that I would look into this and let him know but that if we did this it should be clearly understood that he would probably be replaced with one of our grade GS-15s at some later date. Jim indicated that this was entirely agreeable to him.
